

## FHSD Transportation Funding

By statute, Missouri is supposed to provide funding for 75% of the total allowable costs for student transportation. As you can see from this chart, the level of state funding has fallen well below that level. For fiscal year 2018, the state will provide reimbursement for about 16% of our budgeted transportation costs, or \$2 million of the \$12.2 million budgeted for transportation.

## Transportation Revenue vs. Expenditure
